

Heeling Log Books

The Heeling Log book describes the grid system that I use to stretch out a dog's heeling from a few steps to the length of a full heeling pattern, while maintaining attention, commitment, and enthusiasm.

Each book includes:

- ❁ Instructions on how to use the system, including how to respond to errors and how to use your dog's success rate to determine when to go further.
- ❁ Groups of numbers that tell you how many steps to heel for each repetition and that are carefully planned to be variable and progressive.
- ❁ 26 pages of blank grids to record and track your results.
- ❁ Convenient 8.5" X 5.5" size, spiral-bound, perfect to throw in your training bag.
